The pADcast: Discussions on Atopic Dermatitis series is intended for Healthcare Professionals only in line with the Innovative Medicines Canada Code of Ethical Practices.

This program was supported by Pfizer Canada ULC.

Learning objectives for the pADcast series:

- Discuss the impact of AD on mental health
- Diagnose and treat AD in diverse patient populations, including infants and people with skin of colour
- Counsel patients, parents, and caregivers regarding the appropriate use of topical therapies for the acute and long-term treatment of AD
- Describe the place of systemic therapies to complement topical therapies in the treatment of AD
